

Customer Testimonial | **Knead A Massage**

The Challenge

Cherre, the owner of Knead a Massage, needed a better website to gain visibility but she didn't know where to start. "My business wasn't getting found online through my website and I didn't want to keep going around in circles. I'm good at what I do—massage therapy—but I'm not a marketer. I knew I needed help."

The Solution

Cherre is a member of ABMP, an association for bodywork and massage professionals. Through a partnership with ABMP, ThriveHive provides exclusive marketing benefits to members like Cherre. "I was on the ABMP member benefits website and saw that I was able to check my presence on Google for free with ThriveHive."

"ThriveHive showed me the areas where I could improve and how I could rank higher on Google. They took the guesswork out of marketing and streamlined everything for me. It was just heaven-sent."

The Results

ThriveHive and ABMP helped Cherre:

Save time by guiding her through marketing best practices step-by-step

Get new clients with a complete business presence on Google; people are calling and texting more than ever before

Expand her knowledge and try new marketing methods

"The interface is just so simple! They have helped me so much. This is the best investment I've ever made for my business."

— Cherre
